VEETUKU ORU VIGNANI 2024

"Everything is theoretically impossible, until it is done." - Robert A. Heinlein.

TIPS KARUR HOSTS PUTHIYA THALAIMURAI VEETUKU ORU VIGNAANI – 2024

TIPS Karur recently hosted the Puthiya Thalaimurai Veetuku oru Vignaani 2024, welcoming over 380 eager participants from 25+ schools across Karur district. Celebrating its third successful year, this Science Expo highlighted the incredible talent and creativity of our young minds. Students took part in a range of hands-on, innovative activities, encouraging collaboration and a love for learning.

The event began with the inauguration by Mr. Ashok Kumar, Chairman of TIPS Group of Schools, who lit the ceremonial lamp, setting the stage for a day full of exploration and discovery. The event emphasized the importance of scientific inquiry while nurturing critical thinking and problem-solving skills in the participants.

A heartfelt thank you to all participating schools, teachers, and volunteers who made this event possible. Here's to many more years of inspiring the next generation of thinkers and innovators!

Empowering Future Artists: Celebrating Student Success in Performing Arts

In the exciting world of performing arts, our students are truly thriving. They are building confidence, creativity, and emotional intelligence. This important part of the IB curriculum enriches their lives and helps them express themselves and work together with their peers. We are excited to provide many opportunities for our students to showcase their amazing talents in competitions like Erode Sahodaya, Kongu Sahodaya, and various inter-school events.

Recently, our students made us very proud at the Erode Sahodaya Music Competition. They won impressive awards: 1st Prize for Solo Performance (Grades 1 & 2), 3rd Prize for Group Performance (Grades 3 to 5), and 1st Prize for Group Performance (Grades 6 to 8). Their success reflects their hard work and dedication. Building on this success, they also excelled at the Erode Sahodaya Dance Competition, winning 1st place in the Junior Group Dance Category (PYP 3 to 5). These achievements show the enthusiasm, teamwork, and commitment of both our students and faculty.

As we start this exciting academic year, we are dedicated to nurturing our students' talents and inspiring them to aim for excellence. Parents are eager to see their child's progress, and during the upcoming Student-Led Conferences (SLC), we will have fun activities, including song and dance. At the PA Fest, we look forward to seeing our students shine on stage and celebrating these special moments together. We are committed to showcasing our rich cultural heritage through various events that deepen students' understanding of our stories while building a strong community. With the guidance of our talented choreographers and musicians, we aim to deliver performances that truly reflect our students' creativity and teamwork.

I want to express my heartfelt gratitude to every team member for their unwavering dedication and hard work in helping our students achieve their dreams. Your commitment to building strong, meaningful connections with them is truly inspiring. Our teamwork shows that together, we can accomplish great things. Thank you for your endless passion and support; you are essential to our students' journey. Let's continue to uplift and motivate each other as we strive for even greater success!

Thank you for your continued support.

"Together, let's inspire our students to reach new heights!"

Fresh Faces, New Perspectives

As a new member of the teaching team for grades 6 to 8, I feel incredibly welcomed and inspired by the supportive environment at our school. The commitment to academic excellence is evident, and it's a pleasure to see students so engaged and eager to learn. The school fosters a positive, collaborative atmosphere that encourages both teachers and students to reach their full potential. I'm excited to be part of a community where we can make a meaningful impact together!"

Ms. Devika MATH Facilitator

As a new chemistry teacher here, I've had such a warm and joyful start! The students are curious, lively, and eager to dive into the wonders of science, which makes every day an adventure. The school truly encourages a fun, hands-on approach to learning, and it's clear that both teachers and students feel right at home exploring new ideas together. I'm thrilled to be part of a community that values both knowledge and a good laugh along the way!

Ms. Aneena Joly - Chemistry Facilitator IGCSE

"As a new math teacher for grades 9 and 10 in the IGCSE program, I'm thrilled to be part of a school that values academic rigor and student growth. The students are motivated, and it's clear they have a strong foundation, which makes teaching complex concepts a rewarding experience. The school's focus on both independent thinking and collaboration aligns perfectly with the IGCSE curriculum, creating a fantastic environment for both students and teachers. I'm looking forward to contributing to this dynamic community and helping our students achieve their best!"

Mr . Aravind - Math Facilitator IGCSE

Working as an English and GP facilitator in the school has been an incredibly rewarding experience. The role offers a unique opportunity to engage with students on a deeper level, fostering their critical thinking, communication, and analytical skills. It's inspiring to see students develop their language abilities and gain confidence in expressing their ideas, both in writing and discussion. The collaborative environment within the school encourages innovation and creativity in lesson planning, making each day dynamic and fulfilling. The support from colleagues and the administration is invaluable, creating a community that prioritizes student success and professional growth. Overall, being part of the students' academic journey and witnessing their progress is one of the most gratifying aspects of my role. Happy Teaching and Happy working ...

Ms. Yashmin Alimsha - IGCSE English and GP Facilitator

Teachers Reflecting on Their Journey

As a KG teacher I feel proud of seeing the students growth and progress, no matter how small . Seeing them developing new skills motivates me to continue inspiring and guiding them.

Ms. Sowmugi G HRT - Prekg c

Being an IB facilitator, teaching kindergarten is a crucial and transformative experience that lays the groundwork for a child's future learning. It fosters creativity, critical thinking, and essential social skills through engaging, play-based learning activities. Effective kindergarten educators can create a nurturing and inclusive environment, encouraging curiosity and exploration. They utilize diverse teaching methods attune to various learning styles, ensuring that every child feels valued and engaged in the process. By instilling a love for learning at this early stage, we set the foundation for lifelong educational journeys, empowering children to thrive academically and personally in an ever-changing world. The impact of quality KG teaching is profound and lasting.

Ms. Kamatchi HRT Pre KG

As a toddler teacher, teaching has been my passion, and I am grateful to have the opportunity to pursue it professionally. Witnessing students' growth, as they engage in thinking and explore different perspectives, fills me with joy. Our toddler buddies who are just starting in the school system require meticulous attention to make them enjoy learning. It's a privilege to guide them on this journey, fostering their independence and passion for inquiry. Apart from that, we are the role models of our buddies... We have to understand different kinds of students who hail from different corners of our society in the classroom. As a teacher, I am privileged to play a role in shaping the future of our tiny buddies and preparing them for the challenges and opportunities of a global world.

Ms. Lavanya HRT Toddler class

KG CAMPUS VIDHYARAMBAM

We warmly welcomed eager young minds and enthusiastic parents to our Vidhyarambam admissions process.

The take-home activity saw vibrant participation from both parents and children, igniting creativity and excitement for the learning journey ahead.

SOCCER FEST 2024

POSEIDON DOMINATES THE FIELD!

The Indian Public School, Karur, witnessed an electrifying Soccer Fest 2024, bringing together students from grades 3 to 12 to showcase their passion, skill, and sportsmanship on the field. The four houses—Apollo, Zeus, Hades, and Poseidon—battled it out in an intense series of matches, with every player giving their all in pursuit of glory.

This year's Soccer Fest turned into a memorable event, especially for Team Poseidon, who made an incredible sweep by winning in all categories across the semifinals and finals. Their remarkable performance was a testament to their teamwork, strategy, and unyielding determination, cementing their place as the ultimate champions of the fest.

SOCCER FEST 2024

POSEIDON DOMINATES THE FIELD!

In what will be remembered as one of the greatest performances in the history of our Soccer Fest, Team Poseidon swept the tournament, clinching victory in every category. Their hard work and discipline both on and off the field were truly commendable.

As the sun set on Soccer Fest 2024, Poseidon House walked away with not just trophies, but with a legacy of excellence that will inspire future players to aim high and strive for greatness in the years to come. Congratulations to Team Poseidon for their clean sweep, and a huge round of applause to all the teams that participated, making the Soccer Fest a truly unforgettable event!

BASKET BALL FEST 2024

MY CULTURAL SHOCK JOURNEY FROM SINGAPORE TO INDIA

AFTER A DECADE IN SINGAPORE, I MOVED TO MY MOTHERLAND, INDIA—A TRANSITION THAT BROUGHT NUMEROUS CHANGES AND CHALLENGES. ADAPTING TO NEW APPROACHES IN EDUCATION, CULTURAL PRACTICES, FAMILY DYNAMICS, AND SOCIAL ETIQUETTE, I FOUND MYSELF IMMERSED IN A COUNTRY RICH IN DIVERSITY, HERITAGE, FESTIVALS, AND FLAVORS. I WAS BOTH THRILLED AND A LITTLE OVERWHELMED!

EDUCATION AND LEARNING ONE OF THE BIGGEST ADJUSTMENTS WAS THE DIFFERENCE IN EDUCATIONAL SYSTEMS. IN SINGAPORE, I ATTENDED CHANGKAT CHANGI SECONDARY SCHOOL AND STUDIED GCE O-LEVEL EDUCATION THERE EMPHASIZES CRITICAL THINKING, PROBLEM-SOLVING, AND A WELL-ROUNDED EXPERIENCE. STUDENTS PREPARE INTENSELY FOR NATIONAL EXAMS FROM A YOUNG AGE, BALANCING ACADEMIC PRESSURE WITH SUPPORT SYSTEMS THAT PROMOTE MENTAL WELL-BEING. I ENJOYED PARTICIPATING IN MY SCHOOL'S AVIATION CLUB, WHERE I EXPLORED MY INTEREST IN AVIATION THROUGH ACTIVITIES LIKE MODEL-BUILDING AND FLIGHT SIMULATION.

IN INDIA, HOWEVER, EDUCATION IS HEAVILY FOCUSED ON ROTE LEARNING AND HIGH-STAKES EXAMS. HERE, I WAS SUDDENLY MORE WORRIED ABOUT MEMORIZING INFORMATION THAN SOLVING UNPREDICTABLE QUESTIONS. THE WEIGHT OF CARRYING MANY BOOKS INSTEAD OF JUST MY IPAD WAS A NEW CHALLENGE. INTERESTINGLY, I FOUND THAT STUDENTS HERE ARE MORE RELAXED ABOUT EXAMS AND SHOW STRONG SUPPORT FOR EACH OTHER, ESPECIALLY MY CLASSMATES IN 8A, WHO CREATE A WELCOMING AND ENCOURAGING ENVIRONMENT.

CULTURAL PRACTICES AND TRADITIONS CULTURAL PRACTICES ARE ESSENTIAL IN CONNECTING TO OUR ROOTS. WHILE I DIDN'T ENGAGE MUCH WITH TRADITIONAL PRACTICES IN SINGAPORE, INDIA EXPOSED ME TO VIBRANT CELEBRATIONS OF FESTIVALS I KNEW LITTLE ABOUT. IN SINGAPORE, ONLY DEEPAVALI WAS WIDELY RECOGNIZED IN SCHOOLS, WITH MINIMAL CELEBRATION. AT TIPS, HOWEVER, EACH FESTIVAL IS CELEBRATED ENTHUSIASTICALLY, CREATING A LIVELY, JOYFUL ATMOSPHERE. I PARTICULARLY ENJOYED VINAYAKA CHATURTHI, WHERE PERFORMANCES AND STORYTELLING INSPIRED ME TO LEARN MORE ABOUT MY CULTURAL HERITAGE.

CONCLUSION OVERALL, MY JOURNEY FROM SINGAPORE TO INDIA HAS BEEN ONE OF SIGNIFICANT CULTURAL SHOCK, MARKED BY BOTH CHALLENGES AND PERSONAL GROWTH. WHILE ADAPTING TOOK TIME, THE EXPERIENCE HAS ENRICHED MY PERSPECTIVE AND DEEPENED MY APPRECIATION FOR THE DIVERSITY AND WAYS OF LIFE IN INDIA.

TIPS KARUR'S Navaratri celebrations

Robotics and Space

The Aero design competition made our Students learn about their paper plane skill that teaches students creativity, basic physics, and problem-solving. By designing and testing paper planes, they learn about aerodynamics, balance, and flight principles. It's a hands-on activity that improves fine motor skills and fosters critical thinking while encouraging experimentation, making learning both fun and educational.

A fishing rod teaches students about simple machines, specifically levers and pulleys. The learning objectives include understanding how a fishing rod acts as a third-class lever, amplifying force to catch fish, and how pulleys in reels reduce effort. Students explore force, mechanical advantage, and energy transfer in practical applications.

Video editing session by Vijay sir!

Vijay Sir taught us valuable techniques on how to take stunning photos, sharing not only the tricks and tactics behind capturing the perfect shot but also guiding us on how to create reels. He even introduced us to the PowerDirector app, explaining how to use it effectively. His session was insightful, packed with practical tips, and immensely beneficial for all of us who want to enhance our photography skills.

Captivating pursuit from our library

Reading is important because it develops your mind and gives you excessive knowledge and lessons of life. It helps you understand the world around you better. It keeps your mind active and enhances your creative ability. Story quiz activities are an effective tool for enhancing students' critical thinking skills. Students can develop their analytical, creative, problem solving and confidence building skills.

Toddler class orange day celebration

Pre-KG Orange Day Celebration

Ramp Walk: Our tiny tots confidently strutted down the catwalk, displaying their vibrant orange creations and charming personalities.

Date : 25/10/2024

Grade : KG 1

Activity: Reading Monday

KG 1A student Prithiv Prasad's mother Ms. Saranya was invited for reading monday. She engaged the students with the inspiring story. The story typically conveys "Together we stand, divided we fall". Working as a cohesive unit makes us stronger and more resilient. The moral underscores the importance of collaboration, support, and shared purpose, suggesting that strength is not just about individual power, but about collective effort and solidarity.

Storytime

Thank you

PRIYA VIJANESH
Parent of
MITHRA - II C

I came here for an interactive session with the kids of II - C. All kids came forward to answer. Everyone was willing to participate and they never hesitated whether the answer is right or wrong. All the children behaved well and they are disciplined. I really enjoyed interacting with kids. Thanks TIPS for making me this opportunity. Please have this kind of sessions regularly. Thank You.

SLC - 1 (2024 - 25)

Student-led conferences (SLC) are crucial in the IB curriculum as they empower students to take responsibility for their learning by presenting their progress and goals. This approach fosters self-reflection, communication skills, and confidence, encouraging personal growth. For the school community, SLC strengthens collaboration between teachers, students, and parents, providing a deeper understanding of the child's development. It also enhances parental engagement and helps create a supportive learning environment, benefiting both the individual student and the school as a whole.

Awesome

17/10/24 World Smile Day

I make a smiley face.
I was so happy. It was so nice I wish every one want to be happy. In the whole world.

IN INDIA, WORLD THRIFT DAY IS CELEBRATED ON OCTOBER 30. GRADE 5 STUDENTS LEARNED ABOUT THRIFT AND ITS SIGNIFICANCE, DEVELOPING THEIR UNDERSTANDING OF SAVING AND RESOURCEFULNESS FROM AN EXPERT IN THE FIELD.

INTERNATIONAL ANIMATION DAY (IAD) IS CELEBRATED ANNUALLY ON OCTOBER 28, AIMING TO INSPIRE NEW TALENT AND CELEBRATE THE VIBRANT WORLD OF ANIMATION. GRADE 4 STUDENTS CURATED A SPECIAL ANIMATION ACTIVITY TO MARK THE OCCASION.

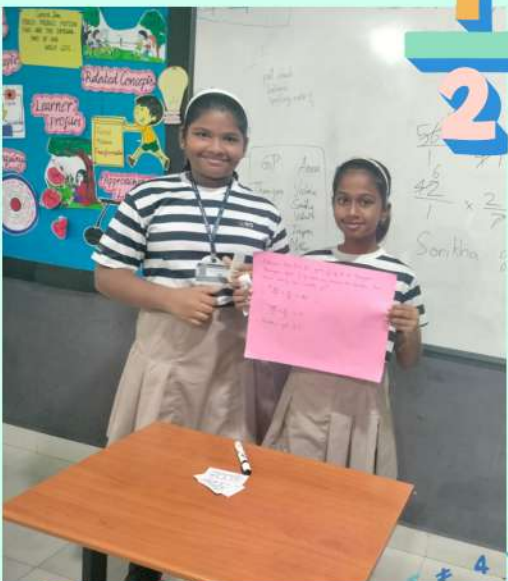

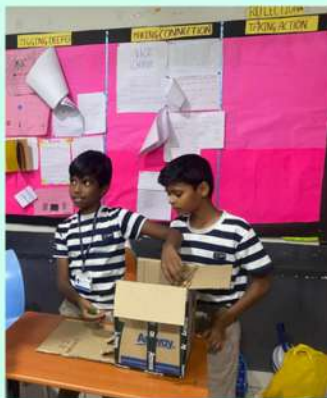

$$E=mc^2$$

Stage: Reflection & Taking Action

Strategy: SA-Science Fair

We did our Tamil/VOI expo well. We did different and creative models. It was a amazing day for 5th grade. This greatful day falls on Friday. We all felt very happy by explaining our models to teachers and students. This expo made us to learn about our VOI topic-(Force & Motion). We enjoyed this day and also learnt about "Force & Motion" → The Newtons three laws of motion and the types of "Energy", and about mass, velocity, forces, motion and more other.

D.J.VARSHITA
5-B

Children are natural problem-solvers, eager to dive into real-world challenges through hands-on activities. By breaking down complex ideas into simple, relatable concepts, they gain a deeper and more meaningful understanding. Imagine learning fractions, not just through numbers, but by using everyday items from home—turning an abstract concept into something they can see, touch, and explore.

This innovative approach not only makes learning fun but also highlights how these concepts connect to the real world, sparking curiosity and a love for discovery.

I like to read books a lot because, when I start to read a book, I sink into the story. My favourite type is comics. The favourite titles are DOG MAN and OWLY! Indeed, The more pages the book has I enjoy it better. I really like to visit the library. I try to put myself into the character's shoes so that I get better understanding. My most favourite hobby is to read.

Shravya - V
Grade 3.C

GRADE 2 - MODEL MAKING

We enjoyed making model of wind chime It was really amazing We learned how air travels and how it makes sound
A.Thendral

I love making model of weather clock. And I experienced how it show the direction of wind and how air comes from.

S.P. Shiv Prithvi

On My Birthday I was so happy to share a plant sampling to school.

I feel its good for our environment. plants makes our earth green and clean so I gifted a sapling on my Birthday

BOOK REVIEWS THAT IGNITE CURIOSITY AND STIR THE SOUL!!!

A Little Girl Called CHEEKU

There is a girl called Cheeku. She is not playful like other children. She will not be found in a busy market with her family. One day a big storm hit the village and the light went off. All the young children were scared. The brave Cheeku lit a lamp and told stories by singing and dancing. She drove the fear of darkness. Author has portrayed Cheeku to be very good girl with positive character.
